

Associate Consultant

Duties:

Responsible for providing consulting services, including server and desktop virtualization (HyperV, VMware, OVM), storage area network configuration, and Oracle and Microsoft application installation and configuration. Services may also include those related to the design, development, and implementation of custom applications using a variety of software products.

Education/Experience:

- Bachelor's degree in Computer Science or IT related discipline.
- 1 to 2 years of general programming experience and/or training preferred.
- ServiceNow developer experience.
- Adobe Experience Manager (AEM) administration or development experience.
- Experience or coursework in the following areas highly preferred: C++, Java, XML, and SQL.
- Equivalent education, experience, and/or training will be considered.

Certifications/Licenses:

- Valid Hawai'i driver's license and use of own vehicle required.
